WILL UNITE TO MAKE PARLEY-A SUCCESS

Co-Ordination of National Organizations Favoring Arms Limitations Planned.

Plans for a permanent organization to co-ordinate efforts of various national organizations to help make the forthcoming conference here on the limitation of armament a success were made at a meeting held at the Hotel Shoreham yesterday.

Miss Christina Merriman, secretary of the New York clearing house for limitation of armament, was elected temporary chairman, and Frederick J. Libby of the Friends' disarmament committee was elected temporary secretary.

Plan Second Meeting.
The meeting, which was preliminary and in no sense binding upon the organizations represented, will be followed in two weeks by a second meeting, after the delegates have reported the outlined purposes of the new committee to their organizations. At that time permanent organization is to be effected. Miss Merriman will call the meeting.

The purpose of the organization is to gather and disseminate information regarding the Washington conference on the limitation of armament, both before and during the sessions, and to "unite and make articulate through the member groups the overwhelming sentiment of the people of the United States in favor of reduction of armaments."

Would Co-Ordinate Work.

The specific work of the committee is to co-ordinate the work of the member organizations in order to prevent duplication; to co-operate in maintaining an information service to suggest possible lines of action; to maintain co-operative relations with similar groups abroad, and to organize an advisory board of experts in the fields of labor, agriculture, economics, government, international politics, etc., to interpret the acts of the conference during the sessions to the people of the United States.

Delegates representing various organizations included Miss Christina Merriman, Clearing House for Disarmament and Foreign Policy Association; Mrs. William D. Phelan, Mrs. Henry Lockwood, General Federation of Women's Clubs; Linley V. Gordon, Peter Ainslie, Church Peace Union and World Alliance; Miss Rose Schniederman, Miss Matilda Lindsay, National Women's Trade Union League; Miss Florence Buechel, Mrs. Robert M. La Follette, Women's Committee on World Disarmament; J. A. Chandler, Miss Katherine D. Hausen, National Education Association; Frederick J. Libby, Friends' Disarmament Committee; Miss Elizabeth J. Hausen, Mrs. Gifford Pinchot, National League of Women Voters; Miss Mary L. Read, World Friendship Information Bureau and Clearing House (Chicago); Miss Agnes C. Regan, William J. Cochran, National Catholic Welfare Council; T. C. Atkeson, National Grange (Washington Council); Miss Belle Rankin, American Union Against Militarism; Charles W. Holman, National Board of Farm Organizations and National Milk Producers' Association; Edward B. Reid, American Farm Bureau Federation; Benjamin C. Marsh, Farmers' National Council; Rabbi Adolph Coblentz, United Synagogue of America.

COLLIDING PLAYERS HURT

Painful Injuries Received in Game Played in Fairfax.

Special Dispatch to The Star.
FAIRFAX, Va., September 9.—During a base ball game on the fair grounds Paul Sager and Roy Allder were severely injured when they collided while chasing a foul ball. The two players struck each other with such violence that they were knocked to the ground senseless. Spectators rushed to their assistance and succeeded in reviving them, but all efforts to stop the flow of blood were unavailing. Dr. Jack Zerbee was hastily sent for and he rendered first aid, later removing the injured men to his office, where he was obliged to take several stitches in their heads.
Allder's nose was broken and he received a depression of the frontal bone. Sager suffered a three-inch gash over the left eye. Both were badly bruised and shaken up.

PROFIT OF \$236,827 NET.

Sale of Army Rifle Range Benefits Government.

The recent sale of 101 acres of land in Detroit, Mich., formerly used by the Army as a rifle range, for \$354,100, netted the government a profit of \$236,827 over the purchase cost of the land twenty years ago, Secretary Weeks announced last night.

SIX NEGROES MUST DIE.

Supreme Court Does Not Meet Until After Execution Date.

Execution of the six negroes, convicted of murder in connection with the Elaine, Ark., riots of two years ago, which has been set for September 23, cannot be prevented or deferred through filing with the clerk of the United States Supreme Court an application for writ of certiorari, officials of the court say.

Court officials, when advised that application for a writ had been forwarded by the negroes' counsel from Little Rock, Ark., pointed out that

the court does not convene until October 3, and consequently before action could be taken on the application the order for execution would have been carried out.

The only federal judicial action which would operate to stay the execution, court officials said, would be an order for a stay issued by a justice of the Supreme Court upon showing by counsel.
